

## Park Bollard

Park Bollard IP44 E27 PCC GR H920

Bollard luminaire

### Description of product family

The clean-lined Park Bollard luminaires are designed for gardens and access routes. The steel rings inside the diffuser prevent glare and bring the modern design to life. You can create a harmonious entity by combining the bollard-mounted models with Park Wall luminaires. You can change the atmosphere and level of illumination through the choice of lamp. You can install the luminaires using a concrete base and ground mounting tube (4107058) or alternatively you can use a ground mounting tube (4107104) that can be installed without a separate base.

### Technical details

Park bollard light is perfect for illuminating gardens and pathways in the yard. Height 920 mm. Steel rings inside the globe prevent glare. Dark grey steel frame with a polycarbonate globe. Replaceable LED bulb, max. 10.5 W A60 bulb with E27 socket; not included in the package. IP44. Multiple lights can be chained together.
