Decorative lamp, antique surface

The lamps in the Amber series are modern LED versions of decorative carbon filament lamps. Their light is warm and soft, and they offer excellent 360-degree light distribution. The cover has a warm amber hue. When combined with the elegant cord, the lamps look impressive even without a lampshade. The eco-friendly cardboard packages are colour-coded. The colour indicates the corresponding incandescent bulb, making the choice simpler for the consumer. Technical specifications are also clearly presented.
