

LED plug-in lamps

LED TC-S 840 720lm G23 OP

Description of product family

LED plug-in lamps are designed to replace fluorescent plug-in lamps. LED versions provide instant full brightness and perform very well even in cold conditions. The light is flicker-free. Long lifetime of up to 30,000 hours. The range is available in two colour temperatures: white 3000 K and cool white 4000 K. G23-base LED lamps replace traditional energy-saving lamps. Typical applications include slim wall luminaires, cooker hoods and under-cabinet lighting.
