

Steel pump with pump handle

STEEL PUMP THERMOS 3.0 L HAND PUMP

Description of product family

Steel pump thermos with good heat resistance. Easy to fill and empty. The pump mechanism inside the product facilitates cleaning. The pump handle can be operated with one hand. It locks and rises easily. It does not contain glass parts and therefore ice cubes can be placed inside the thermos when serving cold drinks.

Technical details

Convenient pump handle in the thermos. Capacity 3 L.
