

Aalto Pink Ribbon

AALTO STEEL MUG 0.35L PINK RIBBON

Stainless steel mug 0.35 L

Description of product family

The Aalto thermal mug in the Pink Ribbon campaign shade is made of 80% recycled stainless steel. The material meets European food safety standards. Its double-walled vacuum insulation keeps beverages hot or cold for longer. The mug features a tight screw cap. By purchasing a Pink Ribbon product, you support Finnish cancer research. Campaign products are available only in Finland.
