

Pepino

PEPINO LIGHT CHAIN COLOUR MIX 200

LED set

### Description of product family

A delightful set of LED lights suitable for outside use. The LEDs glow inside opalescent baubles. The dome softens the LED light, creating a pleasing effect. The baubles are placed very closely together, only 2 cm apart! The set includes 200 LEDs, and the length of the light section is 4 meters. Available in two different versions: with warm white LEDs or delicious multi-colour pastel LEDs (red, yellow, blue, green). The LED set features eight different modes that can be controlled using a button on the adaptor. Dark cord. For indoor and outdoor use.
