HEDDA SPHERICAL LIGHT D30 CM

Decorative light

Description of product family

This wonderful ball of light sparkles like fireworks in the winter night! The Hedda decorative light is suitable for outdoor use, so you can use it to create a spectacular lighting effect for your balcony or terrace. The Ø 30 cm sphere is made up of 12 branches, each with a cluster of warm white LEDs at the end. The cable and frame are dark in color, so you can only see the twinkle of the LEDs in the dark.
