LARA WOODEN HOUSES LIGHT STRING

Decorative Light String

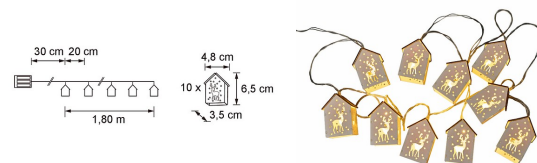

Description of product family

This light string features ten small plywood cottages. The white walls are carved with star and reindeer shapes, and the roof has a dark wood tone. Inside each cottage is a single LED, shining through the cut-outs and casting beautiful patterns on surrounding surfaces. The product includes an energy-saving timer function.

Technical details

The Lara decorative light string includes ten plywood cottages with warm white light glowing through the carved wall patterns. 10 LEDs, non-replaceable. Light length 1.8 m, LED spacing 20 cm. Cottage size $4.8 \times 6.5 \times 3.5$ cm. Clear cable 30 cm. Batteries $3 \times \text{AA}$ not included. On/off switch and 6 h on / 18 h off timer. For indoor use.
