BOREAL CHRISTMAS TREE CANDLES 10PCS

Christmas tree candles

Description of product family

Cordless Christmas tree candle set controlled by remote control. You can place each candle individually on the Christmas tree, exactly on the branch you prefer! The set includes 10 cream-coloured LED Christmas tree candles, with forest green holders. Each candle requires 1 AAA battery to operate; batteries are not included. Control the various functions easily with the included remote control! The remote control features, among others, a flicker function, timer and dimming. The remote control cannot be used to control individual candles separately or multiple Christmas tree candle sets at the same time.
