

Extension cable reel

CABLE REEL 3-WAY. 2USB-A 7M IP20

Description of product family

Extension cable reel suitable for indoor use. Stylish design that you won't want to hide! The cable reel will help you get power where you need it: work station, reading corner, near the Christmas tree... Three Schuko sockets and two USB-A ports included. The reel includes a 7 m cord and a suspension hook for storing. Frame and cord colour: white.

Technical details

The clip-on work light features a hinge (90°) that allows you to direct the light where you need it and a zoom function for focusing the light on specific areas. A magnet on the bottom and a clip on the rear. For versatile lighting needs. You could, for example, keep one in your car for unexpected situations. Light source LED 100 lm. Powered by 3 x AAA batteries, included.
